Checklist

Please read this page before completing the application form

The Regional Parks Management Plan (v. 2010) identifies activities on regional parkland that are discretionary and require consent or licence before they can be carried out. Any person or organisation proposing to undertake a discretionary activity on regional parkland must submit an application to Auckland Council (AC).

The Regional Parks Management Plan provides information about the application process and the criteria Auckland Council will use to assess an application. The application form is based on the guidelines in the Regional Parks Management Plan.

It is recommended that you discuss your proposal with a Visitor Experience Advisor over the phone on (021)223 1173 or via email rina.thompson@aucklandcouncil.govt.nz before filling out an application form. Guidance and clarity will be offered with regards to what information should be included with your application. You are advised to read the accompanying notes, which provide guidance on the information required.

It is important that you provide all the requested information, including supporting documentation, to enable us to process your application as quickly and efficiently as possible. If the information provided is insufficient, further information will be requested, which may result in delays. You may also incur additional charges if additional information needs to be provided by council staff or external consultants to assess your application.

Receipt of your completed application will be confirmed in writing.

Processing of your application will not commence until payment of the application fee has been received. In addition to the application fee, a quarterly per-head fee will also apply.

You will find the latest fees and charges on our website: www.aucklandcouncil.govt.nz.

By submitting this application, you agree to pay for all actual and reasonable costs incurred by Auckland Council during the processing of your application. If costs exceed the application fee, you will be invoiced for the balance due regardless of the outcome of your application.

Senior Rangers can provide a cost estimate. You can then confirm whether or not you wish to proceed. If your application is successful and consent is granted, a further consent / licence operating fee may be required on either a one-off or continuing basis.

- **Please complete all relevant sections on the following pages.**
- **Failure to complete each section may result in your application being declined.**

The information provided in this application is public information and may be viewed by persons or organisations who consider they may be affected by your proposal. Access to the information held by Auckland Council (AC) is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993.
