5. Please comment on any changes or trends in the Committee's workload in 2021-2022.

A large increase in the use of virtual attendance at hearings. This allowed hearings to continue when participants have been covid-19 house-hold contacts and they have been able to appear remotely. Almost every hearing now has at least one person attending remotely, whether its to just observe the hearing or participate, this saves travel time and costs for the parties.

There has been a reduction in the number of opposed applications being withdrawn before the hearing was held from 23 in 20/21 to 17 in 21/22.

There has also been a reduction in the number of opposed applications going to hearing from 20/21. A 37% reduction in the number of premises hearings (33 in 20/21 to 21 in 21/22) and a 27% reduction in the number of opposed managers certificate hearings (19 in 20/21 to 14 in 21/22). This is mainly due to Auckland being put into lockdown again in August 2021 for a number of months due to Covid-19. The number of opposed applications going to hearing in early 22/23 is steadily increasing.

6. Please comment on any new initiatives the Committee has developed/adopted in 2021-2022.

Have very recently released an info-pack for objectors to assist them in preparing for a hearing which is provided with the hearing notification letter. Just in the process of also putting this on the council website.

- 7A. Has your Committee developed a Local Alcohol Policy?

Yes

- 7B. If the answer is yes, what stage is your Local Alcohol Policy at?

Under Appeal to Supreme Court

8. If the answer to **7** is Yes, what effect do you consider your Local Alcohol Policy is having?

Nil at this stage as its still under appeal.

9. If the answer to **7A** is 'in force', is your Local Alcohol Policy due for review?

10. If the answer to **9** is Yes, has such a review been undertaken; and, if so with what result?

11. Please comment on the manner in which Covid-19 has impacted on DLC operations.

As per question 5 above, the number of hearings has significantly reduced, although we are seeing an increase again now in early 22/23.

The manner in which DLC hearings are held has evolved. The use of virtual participation has significantly increased. This provides a time and cost savings to parties, as well as a positive for the environment by having less cars on the road (not having to travel to the hearing venue). Virtual attendance has also meant hearings have been able to proceed when a party has not been able to

appear in person, ie. they are a household contact or have cold or flu symptoms. So there have been some positives from the pandemic.

12. Please comment on the ways in which you believe the Sale and Supply of Alcohol Act 2012 is, or is not, achieving its object. Note: the object of the Sale and Supply of Alcohol Act 2012 is that:
- a) *the sale, supply, and consumption of alcohol should be undertaken safely and responsibly; and*
  - b) *the harm caused by the excessive or inappropriate consumption of alcohol should be minimised.*

13. To what extent, if any, do you consider that achievement of the object of the Act may have been affected by the Covid-19 pandemic?

The remote sale of alcohol has expanded enormously. Remote sales of alcohol can now be delivered within 20 minute of ordering in Auckland.

Hundreds of businesses selling all sorts of products have enquired wishing to add alcohol to the products they sell.

Alcohol has become more readily available via remote sellers. Buyers don't have to leave their home to be able to buy alcohol they can receive within 20 minutes as mentioned above. Remote sales were legislated under the 2012 Act on the premise that most of them would be from wineries involving 2 to 3 days delay in delivery. This is not now the case.

14. What changes or trends in licensing have you seen since the Act came into force?

Huge increase in remote sales/sellers.

Partnerships between remote sellers and restaurants to allow restaurants to deliver alcohol with food.

More hybrid type premises for on-licences rather than straight tavern, restaurant, hotel.

15. What changes to practices and procedures under the Act would you find beneficial?

DLC hearings to be more inquisitorial than adversarial.

Not having a manager on duty should be made a specified infringement offence. This is the most common noncompliance found yet can only be punished by a full s.280 application

Attention to the number of hearings and decisions 'backlogged' at ARLA.

**NB: Additionally, in accordance with the Authority's obligations prescribed in s 65(1) of the Act would you also please provide to [ARLA@justice.govt.nz](mailto:ARLA@justice.govt.nz) a separate detailed list of the names, addresses and types of licensed premises currently operating in your licensing district?**
