

Closure Notice

Manu-kau Noa Iho / Hayman Park: Regenerating Green Spaces for the Future of Manukau

Closed: 8 April - December 2025

Parts of Manu-kau Noa Iho / Hayman Park will be temporarily closed as we regenerate this green space for a healthier Manukau. We're creating a thriving repo (wetland) with native plantings to support local wildlife and naturally filter water before it flows into Te Puhinui and Manukau Harbour.
